WATCHMAN

WIRELESS
WALL CONTROLLER

MODEL NUMBER:

AJ-R1063

The Watchman Wall Controller is a portable wireless remote controller which can connect to the Watchman AJ-770SI4 and AJ-770T4 smoke and heat alarms. The Wall Controller functions provide a more convenient way to control your interconnected alarm system and will help if your alarms are not very accessible.

The AJ-R1063 is compatible with older Watchman models; AJ-760SI and AJ-965TU4.

10YEAR PRODUCT WARRANTY

SIMPLE AUTOMATED INTERCONNECTING

ALL PACKAGING IS 100% RECYCLABLE

PRODUCT & TECHNICAL SPECIFICATIONS:

Product Size:	75mm x 16mm
Gross Weight:	0.04kg
Certifications:	UKCA-RED, CD-RED, EMC
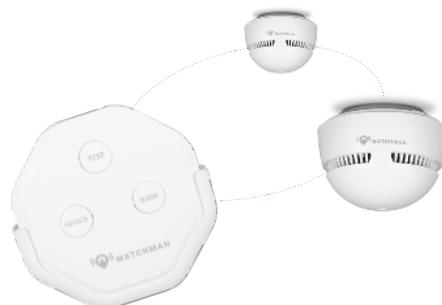

FEATURES:

» **TEST**: Allows you to test any alarm in a network for 10-15 seconds

» **LOCATE**: Helps to quickly identify the originally activated alarm. This feature will silence all alarms in the network, apart from the originally activated alarm - which will continue to sound

» **HUSH**: Silence all alarms within the network. As a safety measure, the originally activated alarm contains a memory function and will emit 3 beeps per minute until silenced from the alarm or pressing the 'TEST' button on the controller

» RF technology and connects with Watchman wireless alarms

» DC 3V (2 x AAA batteries - Replaceable)

» Easy to install

» Wall bracket for convenient placement
